哈爾濱工程大學
HARBIN ENGINEERING UNIVERSITY

Undergraduate Academic Transcript

Name: Sun Zhaoshun | Gender: male | Student ID: 2022041222

College: College of Automation | Class: 20220414 | Major: Automation

Modules	Catego	Credit(s)	Mark
2022-2023-1nd semester			
Computational thinking (i)	Core	1.0	Good
College English (1)	Core	2.0	78
Military Training	Core	2.0	Good
Moral Cultivation and Legal Basis	Core	3.0	65
Engineering Mathematical Analysis (1)	Core	4.5	73
Linear Algebra and Analytic Geometry A	Core	3.5	95
Psychological Health Education for College Students	Public optional	1.5	Excellent
2022-2023-2nd semester			
Computational thinking (ii)	Core	2.0	Good
Engineering drawing	Core	2.0	92
College English (2)	Core	2.0	79
Western Philosophy and Life	Public optional	1.5	Good
Physical Education I	Core	1.0	Fair
Engineering Ethics and Engineering Cognition	Core	1.0	Good
Military Theory	Core	2.0	Excellent
Outline of China's Modern History	Core	3.0	84
Engineering Mathematical Analysis (2)	Core	5.5	83
Probability Theory and Mathematical Statistics	Core	3.0	89
College Physics I	Core	4.0	83
University Physics Experiment (I)	Core	1.0	Good
The syllabus of symphonic appreciation	Public optional	1.5	Pass
2023-2024-1nd semester			
Theoretical Mechanics B	Core	2.5	76
Introduction to Automation Specialty	Core	1.0	71
Academic Frontier Courses in the Field of Control	Specialised optional	1.0	Good
Introduction to the Control in Ocean Engineering	Specialised optional	1.0	Fair
Fundamentals of Electric Circuits	Core	4.0	86
Environmental Protection and Sustainable Development	Core	2.0	78
College English (3)	Core	1.5	76

----------continued on right column----------

Modules	Catego	Credit(s)	Mark
The Introductory Course The Art of War by Sunzi	Public optional	2.0	Good
Introduction to the Basic Principles of Marxism	Core	3.0	80
Special Lecture on the History of the CPC	Public optional	1.0	Good
Complex Variables	Core	2.0	91
College Physics II	Core	4.0	87
University Physics Experiment (II)	Core	1.0	Excellent
Basic performance of Guzheng	Public optional	1.5	Good
How to Win the Innovation and Entrepreneurship Competition for College Student	Public optional	1.0	Good
2023-2024-2nd semester			
Innovation Cognition and Practice	Core	1.0	Excellent
Computer Software Foundation	Specialised optional	2.0	Fair
Deep-sea navigation and positioning technology	Specialised optional	1.0	Pass
Fundamentals of Mechanical Design	Core	2.0	82
Electronic Technology A	Core	6.5	81
Project Management and Engineering Economic Decision Making	Core	0.5	Good
College English (4)	Core	1.5	76
Physical Education II	Core	1.0	Excellent
Arduino creative practice introduction	Public optional	1.0	Good
Engineering Practice	Core	4.0	Good
Introduction to Mao Zedong Thought and Theory System of Socialism with Chinese Characteristics	Core	3.0	86
Career Entropy-College Students' Professional Quality and Ability Improvement	Public optional	1.0	Pass
Being Yourself: Undergraduate Career Development	Public optional	1.0	69
2024-2025-1nd semester			
Automatic Control Theory	Core	5.5	94
Power Electronics Technology	Core	3.5	82
Digital Signal Processing	Specialised optional	2.0	88
Embedded Control System	Specialised optional	2.0	83

----------continued on next page----------

Notes: 1. Conversion between centesimal system and five-grade marking system: 90≤ Excellent≤100/ 80≤Good<90/ 70≤Fair<80/ 60≤Pass<70/ Fail<60.

2. A mark with the sign ▲ is referral mark, and a mark with the sign ▼ is repeat mark.
A mark with the sign ◆ refers to autonomous examination mark.
A mark with the sign ● is absence/violation and cheat mark.

College: College of Automation | Class: 20220414 | Major: Automation

Modules	Catego	Credit(s)	Mark
	Public optional	1.5	Excellent
Electronic Technology Innovation Practice	Core	1.5	Excellent
Situation and Policy	Core	2.0	Good
Introduction to Xi Jinping Thought of Socialism with Chinese	Core	3.0	80

----------Total----------

Total credites: 122.0 Credits of public optional courses: 14.5

Credits of core modules: 98.5 Credits of specialised optional modules: 9.0

Notes: 1. Conversion between centesimal system and five-grade marking system: 90≤ Excellent≤100/ 80≤Good<90/ 70≤Fair<80/ 60≤Pass<70/ Fail<60.

2. A mark with the sign ▲ is referral mark, and a mark with the sign ▼ is repeat mark.
